COLLECTION

®

# Welcome

We are the official UK partner for the world famous Helleborus Gold Collection®. Helleborus Gold Collection® is the result of more than 40 years of breeding experience by Heuger's passionate and professional breeding team. Helleborus Gold Collection® is now widely recognised as the best and most intensively tested range of Hellebores in the world.

Our Helleborus Gold Collection® offer comprises of 4 distinct groups: Christmas Roses, Snow Roses, Ice N' Roses® and the new UK exclusive Winter Ballet. Christmas Roses are the classic white flowered *Helleborus niger*. Snow Roses are the original and well known *H. x ballardiae*, *H. x nigercors* and *H. x ericsmithii* hybrids. Ice N' Roses® are the new sensational series of *H. x glandorffensis* and *H. x iburgensis* hybrids. Finally, Winter Ballet are the latest exciting new group (exclusive to Allensmore in the UK) and are interspecific crosses of Christmas Roses (*H. niger*) and Lenten Roses (*H. x hybridus*).

For you to make your display look irresistible for the whole season and to optimise your sales of the Helleborus Gold Collection® we suggest stocking approximately 8% Christmas Roses, 14% Winter Ballet, 32% Original Snow Roses and 46% Ice N' Roses®.

## Plant breeding

Heuger excel at breeding plants, as demonstrated by 200 plant variety rights and plant patents. Many of them have throughout the years set new industry trends. From the first cross to the launch of a new variety can take up to 20 years of dedication.

## Plant production

At Allensmore we hold Paul Heuger's motto "No compromise in Quality" at the core of our approach to how we grow Hellebores. We start potting our Hellebores in March. They go straight outside at our West Nursery long before the last frost, so they are hardy from the off. The compost and fertiliser programme is tweaked and improved every year by our technical manager, and we do extensive trials with peat free compost each year too. Our dedicated team of growers work tirelessly throughout the growing season, so that you can be guaranteed plants that are bursting with energy, and that will look fabulous through the winter in all but the harshest weather.

Our growers quality checking the stock.

## Point of sale

We have excellent POS available including large correx boards, A2 correx, leaflets with holders, bench edge correx boards etc. Please ask the sales team for details.

## Hellebore

### Beautiful range of colours

- Easy care
- Flowers from Winter through to Spring
- Perfect for borders, containers and terraces
- Varieties available to suit sun and shade areas
- Like to grow in rich, well drained soil
- Refer to [www.hellebore.co.uk](http://www.hellebore.co.uk) for more information

 **HELLEBORUS

COLLECTION**®

Large correx board

## Christmas Roses

Christmas Roses in the Helleborus Gold Collection® are fully hardy, low-care and very long-lived evergreen perennials. Withstanding cold spells and snow, the Christmas Rose Helleborus Gold Collection® varieties produce dazzling white flowers all winter long.

These gorgeous winter bloomers are perfect for the garden as well as being used as a charming container plant on balconies, terraces and in entrance areas. They decorate spaces in winter that summer flowers would normally brighten up. They are very easy to care for and prefer a semi shaded spot.

## Christmas Roses

Our Christmas Roses will be available from October to December.

Flowering times throughout this catalogue are given as a guide only and will vary from year to year, regions of the UK, whether the plants are in sun or shade and so on. Flowering times after establishment in the garden may differ from when they flower in pots on our nursery.

# Winter Ballet (*Helleborus x lemperii*)

## Winter Ballet

Winter Ballet is the latest group of varieties in the Helleborus Gold Collection. They represent the very latest advances in Hellebore breeding from the team at Heuger. They are interspecific hybrid crosses of Christmas Roses (*H. niger*) and Lenten Roses (*H. x hybridus*). We have retained the best of the first generation of varieties and added many new interesting varieties from the second generation, including for the first time a wonderful burgundy coloured semi-double.

### Winter Ballet key points

- Very floriferous
- Huge flowers
- Long flowering period like their Ice N' Roses cousins, often flowering for more than 4 months
- They range from compact to very vigorous so we offer two pot sizes
- Robust and fully hardy they shrug off rain, wind and cold
- Great in patio containers, window boxes and flower beds
- Good sun tolerance but they thrive best in dappled shade in the hot summer months
- Many more varieties in the pipeline

# Snow Roses (*H. x ballardiae*, *x ericsmithii*, *x nigercors*, *x hybridus*)

## Snow Roses

Snow Roses combine the positive qualities of their parents: the properties of the Christmas Rose (*Helleborus niger*) and of Mediterranean Helleborus species such as the Corsican Hellebore (*Helleborus argutifolius*) and the Balearic or blue-grey Hellebore (*Helleborus lividus*), whose names indicate their provenance.

Their charming appeal and ability to withstand inclement winter weather come from the Christmas Rose. In the summer on the other hand, they benefit from their Mediterranean parents' ability to cope with the heat and the sun. They do well in any type of soil, and they also thrive in sunny spots.

### Hellebore HGC® Camelot®

# Ice N' Roses® (*Helleborus x glandorffensis* and *Helleborus x iburgensis*)

## Ice N' Roses®

The new sensational winter bloomers Ice N' Roses® (*Helleborus x glandorffensis* and *Helleborus x iburgensis*) combine the early flowers of Christmas Roses (*Helleborus niger*) with the multiple colours of Lenten Roses and the robust nature of Snow Roses.

Ice N' Roses® produce their magnificent flowers tirelessly from late autumn well into April. These gorgeous Ice N' Roses® should not be missing in any garden!

They are also perfect for use in large containers for balconies and terraces and thrive in sun or shade.

As the UK Helleborus Gold Collection® partner grower we have many UK exclusive varieties of Ice N' Roses® including the stunning Early Rose which starts flowering in September and carries on for months and the brand new Red Romance. You won't be able to order these exclusive varieties from any other UK grower.

Many NEW varieties added for 2024/2025!

## Terms & Conditions

1. Allensmore accept orders only on the basis that these terms and conditions apply to the contract and cannot be varied except in writing and signed by ones of the Allensmore directors.
2. Ownership of goods supplied by Allensmore will not pass to the customer until the goods have been paid for in full. In the meantime, the customer must keep the goods identifiable as belonging to Allensmore and must allow or obtain access for Allensmore to retake the goods if they are not paid for within 30 days of invoice.
3. Goods supplied by Allensmore will be at the risk of the customer from the moment of loading (if being taken from Allensmore) or off-loading (if being delivered by Allensmore).
4. Any complaint about quality, short-delivery or any other matter must be notified to Allensmore in writing and in a reasonable detail within 24 hours of risk passing or the complaint will be deemed to have waived.
5. Allensmore's liability is limited to the contract price for the goods. Any other liability is excluded to the fullest extent permitted by English law.
6. Allensmore are not liable for any delay in supplying goods unless the delay causes the goods to deteriorate so that they are not of merchantable quality.
7. Allensmore reserve the right :
  - a. To charge interest from day to day at 4% over their own bankers' base rate from time to time on any sum due from a customer which has not been paid within 30 days of invoice.
  - b. To increase the contract price to cover any movement in rates of exchange between currencies which is adverse to Allensmore and which occurs before Allensmore receive payment from the customer; and
  - c. To withdraw any discount which has been given on an invoice which is not paid in full within 30 days of issue.
