

Allenmore

Perfect Roses Catalogue 2025

Welcome

Growing roses in Hereford's excellent quality soil is resulting in a first-grade crop and establishing Allensmore Nurseries as a UK rose supplier to the best retailers in the country. Our regular contact, web shop, weekly deliveries and top-quality plants mean you can rely on Allensmore to fulfil your rose requirements.

Cultivating the field is the start of the process followed by spring planting.

Preparing the field for summer budding and working with expert budders.

New spring growth and incredible summer colour.

Perfect Roses

With the improvements modern breeding has brought to roses their popularity is increasing with today's gardeners. Greater health, repeat flowering and improved fragrance are all attributes that are helping to ensure roses are an essential element in gardens and patios. Working with the best breeders in the world to make the best selections we are confident that the Perfect Roses range will meet the demands of the UK garden enthusiast.

Peat Free Growing Media

Now in our second year of growing peat free roses we know that the retailer and the consumer can be confident of excellent performance in the pot and in the garden.

Care Cards

Our colour themed care cards are helping consumers make informed choices and selecting the most suitable roses for their garden or patio.

Bed Cards

With a colour themed bed card for each category laying out displays and keeping customers informed is easy.

Posters

Order two trolleys and we will supply a Perfect Roses poster to help promote your roses in the garden centre.

Easy Ordering

For Allensmore customers already ordering from our main season range you can order any quantity of roses to help top up your offer on a regular basis.

For those ordering full trolleys early season with 4 shelves is 84 per trolley and late season with 3 shelves is 63 per trolley

Compact, Moderate or Vigorous?

For shrub roses:

Compact - less than 1.0m

Moderate - between 1.0m and 1.2m

Vigorous - more than 1.2m

For climbing roses:

Compact - less than 2.0m

Moderate - between 2.0m and 3.0m

Vigorous - more than 3.0m
